

NAFEC Report – April 2019

NAFEC is an important organization whose primary purpose is and always will be to promote and improve the farmer elected committee system for the local administration of farm programs.

NAFEC packets were emailed to me from Mary Roberts, Midwest Area NAFEC chair. I was not given a clear answer from State Office on whether or not it was permissible to email this out to CED's in Wisconsin. Therefore, I did not send it out.

I am not sure on the status of membership in Wisconsin as I have not received any updated list of members.

If anyone is interested in more information on NAFEC please feel free to contact myself or go to their national website.

Respectfully submitted.
